Introduction

We are pleased to announce the planned amalgamation of the Bradbury and Camira brands. It was in 2012 that Camira Group completed the acquisition of Bradbury Fabrics, who continued to operate as a standalone business headed by Managing Director Stephen Waite. Our two companies retained their separate positions in the marketplace with their own product portfolios.

By coming together within Camira Group, we will create a stronger, more effective and more efficient organisation which is better positioned to meet the needs of our customers and serve the demands of the UK and global markets against the backdrop of Brexit. We are committed to remaining a competitive business partner and by aligning our existing resources customers will benefit from a more proactive programme of product development, fabrics manufactured under both ISO 9001 and 14001, a wider range of eco-labelled products and the backing of a 10 year guarantee. All this is underpinned by the customer-centric culture and sustainability leadership for which Camira is renowned.

After the integration, Stephen Waite will retain responsibility for manufacturing Camira products at the Britannia Mills site, retaining key skills and our proud heritage of Yorkshire textile manufacturing. Bradbury's Mark Holliday and Paul Brearey will join the Camira sales team, focusing on new ventures in the hospitality sector, while Tahera Hussain will continue to look after her customers as a Camira Area Business Manager for the South East region.

We're excited to be entering this new phase and look forward to working in partnership with customers old and new. We hope to answer most of your questions about these changes in this booklet, but if you have any more queries we've listed ways to get in touch with us on pages 17-18.

Questions you may have...

What changes are we making?

We are announcing the amalgamation of Bradbury ranges within the Camira portfolio from August 2017.

When will these changes be taking place?

From May 2017 Bradbury ranges will enter a phasing-out period, during which current orders will be fulfilled assuming stock availability. Once fabric stock has been sold, the colour will become discontinued.

How will I be able to order fabrics?

For Bradbury products, please continue to contact customer services at Bradbury until further notice. To order Camira products please contact Camira customer services (see page 18).

What is the stocking policy on fabrics?

Most products are generally ex-stock. Please contact customer services to check availability on specific ranges.

What are the delivery terms?

Orders totalling over 20 metres are delivered within 3 working days. Please contact our customer services department for details on international deliveries.

What will my price be for fabric?

Please refer to standard Camira pricing.

How can I order Camira fabric samples?

To order pattern cards or fabric swatches from our in-house sample centre, please visit: www.camirafabrics.com/samples or alternatively email: info@camirafabrics.com.

Will I be able to buy Bradbury products after the brand amalgamation?

Customers are encouraged to enquire regarding residual stocks of Bradbury ranges. These will continue to be despatched by Camira after the brand amalgamation has been completed, where residual stocks remain.

How can I get further copies of this brochure?

This brochure is available to download as a PDF document at www.camirafabrics.com/bradbury.

Fabric alternatives are not always a direct match. Please ensure you request fabric samples before ordering: www.camirafabrics.com/samples

Arizona alternative Phoenix

Product information

	Arizona	Phoenix
Application	Task seating	Task seating
Composition	100% Polyester	100% Polyester
Number of standard shades	16	30
Width (cm)	137	140
Standard roll length (m)	50	35
Weight (g/m ²)	310	285
Abrasion resistance (Martindale cycles)	100,000	>100,000
